# ABOUT US

NSI are a multi-award winning, specialist electrical safety company. We operate nationally working alongside a vast array of letting and estate agents.

Our aim is to offer a streamlined simple route to electrical compliance. Our extensive knowledge and team of skilled electricians ensure a smooth efficient process from first contact with our amazing office staff to completion of the job.

*“A Personal Approach With  
A Professional Service”*

## USPs

### COMPANY PRIORITIES

Electrical safety testing at NSI is our primary focus, and therefore YOU are our priority.

### 48 HOURS CERTIFICATE TURNAROUND

You will receive a digital certificate within 48 hours of job completion with a quotation for any remedial works that may be required.

### REMEDIAL WORKS

We don't subcontract any work, and everything is completed in-house. All required remedial works will be evidenced with a photo to ensure complete transparency.

### CLIENT PORTAL

Never lose a certificate again. You will be supplied with unique log-in details to access all certificates in your dedicated client portal.

### ENGINEERS

All engineers are directly employed by NSI, and will always be dressed in branded uniform with company ID badges. Due to the network of engineers we have available, sickness and absence issues can normally be covered by another engineer vastly reducing cancellations or rebooks.

### EASE OF CONTACT

Our highly trained office staff are always at hand to aid you with any questions or queries. We have a bespoke CRM system that ensures all company processes run smoothly and efficiently.

Ensure your properties are:

# SAFE

## CERTIFIED

Get your annual: *Safety Assessment of Fire and Electrics*

### Smoke Detectors:

- Did you know smoke detectors have a “replace by” date? 85% are unknowingly out of date.
- Are all smoke detectors in the correct locations?

### PAT Testing:

- Did you know you must provide an inventory with a PAT test?
- You must ensure appliances provided to tenants are electrically safe.

### Visual Inspection Report (VIR):

- Are you deemed as competent to visually inspect electrical accessories?
- Do you know what size cables should be used?

Save over £100 per property with SAFE Certified (against separate service prices)

Give your properties the **SAFE** seal of approval
