## ABOUT C RESIDENTIAL

The team at C residential Sales pride themselves on their commitment for excellent customer service. They continually enter the national awards for the Estate Agents of the Year to ensure they stay ahead of the game. Most of their staff live in the area so they know what makes their neighbourhood and town special. This kind of local know-how means realistic valuations and more importantly – “successful sales”.

“After being extremely disappointed with our software supplier who we had been with for several years plus having a really bad experience with another CRM it was with great trepidation that we embarked on our journey with LOOP.

Wow – what a difference ! Helpful, innovative, always at hand ... the list goes on

Are they perfect? NO – do they realise that? – YES

However, it is new, exciting and refreshing. What I find impressive is their transparency. They are willing to listen and improve. By working closely with agents they listen to what is needed and change it. I for one have very high expectations of myself and the suppliers the company align with.

If you are considering changing – get these guys in.”
